

Formation SAS - Graphiques in Geneva, Zurich, Huston, San-Antonio, Dallas, Los Angeles, San Diego, New York, Washington, Chicago, San Francisco and anywhere in Switzerland, USA, Great Britain and Germany.

ID : 980

Goal : This training (available in French or German) is for users who want to discover the GUI of SAS Enterprise Guide and import Data into it. It is the entry point to learning SAS programming and is a prerequisite to many other SAS subjects in statistics, clinical trials, statistics, econometrics, data mining, big data (SAS SQL), times series and quantitative finance. After the course, attendees will be able to use SAS Enterprise Guide to read, access, manage and manipulate their data, save programs and datasets.

Audience : Undergraduate students, analysts working in intergovernmental organizations or researchers working in the pharmaceutical industry.

Prerequisites : Since the course includes demonstration and hands-on use of a software, participants should master file management in MS Windows based personal computer.

Goals :

- Introduction
- Generalities
- Learn to know the philosophy behind SAS EG
- Use the online help
- Discover the GUI
- Change the layout of the GUI
- Discover the properties of a project file
- Define the main settings of the software
- Create and link notes
- Manage multiple process flow
- Create and save a project
- Take a look to the tasks
- Import SAS tables
- Import tables from Excel files
- Import tables from Access files
- Import data from CSV files
- Import data from XML files
- Import data from MS SQL Server
- Import data from Oracle
- Import data from SPSS files
- ...

Pedagogical method : The training is based on small practical exercises based on the training book.
