

Formation MS SQL Server - MS SQL Server 2005: Designing a Reporting Solution Architecture (2797E) in Geneva, Zurich, Huston, San-Antonio, Dallas, Los Angeles, San Diego, New York, Washington, Chicago, San Francisco and anywhere in Switzerland, USA, Great Britain and Germany.

**ID :** 472

**Goal :** The purpose of this training is to teach Business Intelligence (BI) professionals working in enterprise environments to design a reporting solution architecture that supports their BI solution. The training focuses on the planning and design aspects of a reporting solution and does not teach you how to create reports or how to use the development tools provided with SQL Server 2005.

**Audience :** For experienced BI professionals. The target students for this training already have an

understanding of how to use the SQL Server 2005 tools to implement reporting functionality, but need to develop their understanding of design principles and best practices when planning, implementing, and deploying a Reporting Services solution.

**Prerequisites :** Have hands-on experience with database development tasks.

**Goals :**

- Introduction
- Designing a Reporting Solution
- Evaluating Business Requirements for a Reporting Solution
- Designing for Reporting Services
- Developing a Reporting Solution
- Developing Reports
- Developing Report Models
- Integrating Reporting Services with Applications
- Integrating with Custom Applications
- Controlling Reporting Services by Using Web Services
- Deploying and Managing a Reporting Solution
- Designing Security for a Reporting Solution
- Designing an Authentication Strategy
- Designing an Authorization Strategy
- Designing a Secure Communication Strategy
- Optimizing Report Performance
- Monitoring Report Execution
- Designing a Report Execution Strategy
- Scaling Reporting Services
- Training Conclusion

**Pedagogical method :** Training based on MS slides and exercises

**Suggested duration for presentiel training (days) :** 2

**Suggested duration for on-line training (days) :** 2.4

**Daily price in face-to-face :** 1500 CHF

**Daily price in remote :** 720 CHF

**Daily price in remote for students :** [contact us](#) (only if student card!)

**Daily price in remote (with recording) :** 7500 CHF

Prices are per day per trainee without course material, without certificate, without evaluation, without exam, without training room or computer (these are each optional and must be requested in addition in the contact form for the establishment of the quote).

**Tags :** sql server 2005, sql server training, course 2797, ms 2797, reporting services.
